Dear Sir/Madam,

LETTER OF SUPPORT FOR DR. KWABENA OBENG ASIAMA

I write to support the nomination of Dr. Kwabena Obeng Asiama as Chair of Commission 8 of FIG. Kwabena has been played active role in the activities of FIG's commissions as well as taskforces. Though a young surveyor, Kwabena has contributed his expertise to the work of FIG Commissions 8 and 9 in their work on land consolidation and the valuation of unregistered, respectively. Furthermore, Kwabena's role within the Young Surveyors Network has especially inspired young surveyors in Ghana to be more active in the activities of FIG.

FIG will be getting a an enthusiastic, dynamic, and hardworking commission chair, who will be a breath of fresh air into the federation. Based on these qualities, I nominate Kwabena for the position of the chair of FIG Commission 8.

Yours faithfully,

**Surv. Dr. John Amaglo, FGhIS
